Distracted by flowers, frogs
and didn't notice dark shadow

Wolf appears, wants to eat her,
but challenges her to a race to
grandma's house

Wolf takes a shortcut to
arrive at grandma's first.

Grandma thinks it's little
Red Riding Hood and calls
the wolf upstairs

Wolf eats grandma, dresses
in her clothes and waits in
bed for Red Riding Hood.

Red Riding Hood arrives and notices
grandma's big ears, strange voice,
big eyes, big teeth

Wolf leaps at Red Riding Hood,
but she runs into the garden

Woodcutter saves Red Riding Hood
and Grandma, then banishes the
wolf deep into the forest.
